Hello

To all of my friends at the Neenah Animal Shelter that helped me find my home in Winneconne. I started as a kitten a long time ago and was very shy, hiding all the time. When I got to know my new home and step sisters, I settled down and have lots of fun every day.

I like mom the best; she takes really good care of us. I talk a lot, especially when I am hungry for treats behind the big door in the kitchen. I like lots of attention and don't like being alone and make lots of noise when I am ignored.

Every day is an adventure and I really like watching daily visitors, birds, squirrels, rabbits, and chipmunks at the feeder near the back door. I don't know why, but they really like corn and peanuts. I also like chasing and being chased by my step sisters Hailey and Maggie. But, Hailey is getting old and fat and doesn't run much anymore.

My parents love me a lot and are very happy they adopted me. Thank you for helping me find my terrific home. Attached is a gift of \$500.00 so you can help others like me find great homes in the future.

Love, Katie ! (AKA Kaylee)
